- 19 SEER2 & 10.8 HSPF2
- Dependable performance in temperatures from -22° F to 122° F
- Sound as low as 55 dBA
- 10-Year limited warranty

CROSSOVER
WHERE DUCTLESS & TRADITIONAL
SYSTEMS UNITE

It's no secret that ductless and traditional HVAC systems each have their own set of advantages. So why not reap the benefits of both? Now you can with Carrier Crossover solutions.

The Carrier 38MURAQ Hybrid Heat Crossover solution with a compact, inverter heat pump and gas furnace is perfect for our Upper Midwest climates, and those looking for fuel choice options.

WHAT IS A CROSSOVER SYSTEM?

A Crossover system is a mini-split heat pump matched with a high efficiency gas furnace, marrying traditional equipment with new technology. This system provides high efficiency, reliable heating and cooling performance. A Crossover system can operate in a wide range of outdoor temperatures, providing year-round comfort regardless of the temperature outside.

FEATURES & BENEFITS

- Patented 24V interface technology
- Inverter compressor operates as a variable speed system
- Slim design heat pumps with quiet operation
- Off-the-shelf combinations, using already-available Carrier units
- Built-in base pan heater
- Available in outdoor unit sizes 12k-36k

TAX CREDITS & REBATES

Call us about 25c federal tax credit on qualifying heat pumps* and many rebate options. Now is a great time to buy a new crossover system for your home.

*Always consult your tax professional for qualifications on Federal Tax Credits. Rebates are subject to specific qualifications to achieve maximum rebate.

INDOOR AIR QUALITY

BublitZ Plumbing & Heating offers your family or business the best heating and cooling products and HVAC services, combined with a level of customer service that will exceed your expectations.

Testimonials

C.U.

"Outstanding and rapid response on weekend. Ryan was quick to respond to my Saturday call for help when our furnace stopped working in low temps."

A.M.

"Fast service, reasonable prices. They have gotten us on their schedule any time we call."

D.G.

"Had no heat for hours and they put us on the top of the list. Had us up and running in about 15 minutes!!! Knowledgeable, and trustworthy."
